

РАССМОТРЕНО
на заседании методической
комиссии Т и ЭД
Председатель Мель Е.А. Федотова
Протокол № 1 от 08. 2022 г.

УТВЕРЖДАЮ
«31» 08 2022 г.
 Иваненко И.В.

КОМПЛЕКТ ОЦЕНОЧНЫХ СРЕДСТВ ПО ПРОМЕЖУТОЧНОЙ АТТЕСТАЦИИ
(другая форма аттестации 3 - 6 семестр, дифференцированный зачет 7 семестр)

ОГСЭ. 03 Иностранный язык в профессиональной деятельности
по специальности 09.02.06 «Сетевое и системное администрирование»

Дифференцированный зачет является промежуточной формой контроля в 7 семестре, подводит итог освоения ОГСЭ.03 Иностранный язык в профессиональной деятельности для проверки освоения общих компетенций (ОК):

- ОК 01. Выбирать способы решения задач профессиональной деятельности, применительно к различным контекстам.
- ОК 04. Работать в коллективе и команде, эффективно взаимодействовать с коллегами, руководством, клиентами.
- ОК 06. Проявлять гражданско-патриотическую позицию, демонстрировать осознанное поведение на основе традиционных общечеловеческих ценностей, применять стандарты антикоррупционного поведения
- ОК 10. Пользоваться профессиональной документацией на государственном и иностранном языках

Уметь:

- У1 понимать общий смысл воспроизведённых высказываний в пределах литературной нормы на бытовые и профессиональные темы;
- У2 понимать содержание текста, как на базовые, так и на профессиональные темы;
- У3 осуществлять высказывания (устно и письменно) на иностранном языке на профессиональные и повседневные темы;
- У4 осуществлять переводы (со словарем и без словаря) иностранных текстов профессиональной направленности;
- У5 строить простые высказывания о себе и своей профессии деятельности;
- У6 производить краткое обоснование и объяснение своих текущих и планируемых действий;
- У7 выполнять письменные простые связные сообщения на интересующие профессиональные темы;
- У8 разрабатывать планы к самостоятельным работам для подготовки проектов и устных сообщений.

Знать:

- З1 особенности произношения интернациональных слов и правила чтения технической терминологии и лексики профессиональной направленности;
- З2 основные общеупотребительные глаголы бытовой и профессиональной лексики;
- З3 лексический (1000 - 1200 лексических единиц) минимум, относящийся к описанию предметов, средств и процессов профессиональной деятельности;
- З4 основные грамматические правила, необходимые для построения простых и сложных предложений на профессиональные темы.

Другая форма аттестации по ОГСЭ. 03 Иностранный язык в профессиональной деятельности по специальности 09.02.06 «Сетевое и системное администрирование» в 3, 4, 5, 6 семестрах будет осуществляется в форме тестирования.

Каждый тест содержит 50 вопросов (первый блок 25 вопросов закрытого типа, второй блок 25 вопросов с кратким ответом), выбираемых случайным образом из каждого блока

заданий по 10 вопросов.

Время тестирования – 45 минут (по 1.5 минуты на каждый вопрос закрытого типа и по 2.5 минуты на краткие ответы). Вес критерия одного вопроса 0,5 балла, вес критерия 20 вопросов – 10 баллов.

Дифференцированный зачет в 7 семестре по ОГСЭ. 03 Иностранный язык в профессиональной деятельности по специальности 09.02.06 «Сетевое и системное администрирование» проводится в форме тестирования.

Каждый тест содержит 50 вопросов (первый блок 25 вопросов закрытого типа, второй блок 25 вопросов с кратким ответом), выбираемых случайным образом из каждого блока заданий по 10 вопросов.

Время тестирования – 45 минут (по 1.5 минуты на каждый вопрос закрытого типа и по 2.5 минуты на краткие ответы). Вес критерия одного вопроса 0,5 балла, вес критерия 20 вопросов – 10 баллов.

Шкала оценивания образовательных результатов:

Оценка	Критерии
«отлично»	Студент набрал 10-9 баллов (по весу критерия)
«хорошо»	Студент набрал 8-7 баллов (по весу критерия)
«удовлетворительно»	Студент набрал 6-5 баллов (по весу критерия)
«неудовлетворительно»	Студент набрал 4-0 балла (по весу критерия)

		3	released
		4	will have been released
3	<i>Выберите подходящую форму глагола.</i> PowerShell v2.0 _____ and released to manufacturing in August 2009	1	completed
		2	was completed
		3	has completed
		4	has been completed
4	<i>Подставьте на место пропуска подходящее по смыслу слово (1-4).</i> PowerShell's developers based the _____ of the tool on that of the POSIX1003.2 KornShell.	1	coregrammar
		2	language
		3	script
		4	string
5	<i>Выберите подходящую форму глагола.</i> The PowerShell scripting language _____ binary prefix notation	1	support
		2	supports
		3	supporting
		4	is supported
6	<i>Укажите вариант ответа, в котором указана верная последовательность</i>	1	D, C, A, B, G, E, F
		2	D, A, C, E, B, G, F
		3	E, B, A, C, D, G, F

	<p><i>действий.</i> The steps in websitedevelopment: A)find out what features and number of pages they want on their site. B) design and develop the website. C)analyse the information from the customer. D)discuss with thecustomer their requirements and the target audience. E)create a website specification. G) give the project to programmers for HTML coding. F) test the website.</p>	4	D, C, A, E, G,B, F
7	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i> A single-tasking system_____.</p>	1	...has no facilities to distinguish users.
		2	...can only run one program at a time
		3	...one in which the services are provided in the form of libraries.
		4	...switches between tasks based on their priorities
8	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i> A real-time operating system is an operating system that_____.</p>	1	...are designed to operate on small machines with less autonomy
		2	...allows more than one program to be running concurrently.
		3	...guarantees to process data by a specific moment in time.
		4	...can only run one program at a time
9	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i> Embedded operating systems _____.</p>	1	...are designed to operate on small machines with less autonomy (e.g. PDAs)
		2	...manage a group of distinct, networked computers and makes them appear to be a single computer.
		3	...can only run one program at a time
		4	...slice the CPU time and dedicate a slot to each of the programs
10	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i> Open-source operating systems_____.</p>	1	...is a line of operating systems created by Apple.
		2	...can only be modified by the company that owns it.
		3	...comes pre-loaded on most new PCs
		4	...can be modified and distributed by anyone around the world.
11	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i> Operating systems for mobile devices _____.</p>	1	...generally aren't as fully featured as those made for desktop and laptop computers.
		2	...can be modified and distributed by anyone around the world.
		3	...are impossible to be upgraded.
		4	...are the same as those designed for desktop and laptop computers.
12	<p><i>Выберите вариант, содержащий правильное (-ые) окончание(-ия) предложения.</i> The operating system_____.</p>	1	...is responsible for starting, stopping, and managing processes and programs.
		2	...manages and allocates memory, CPU time, and other hardware resources among the various programs and processes.
		3	...provides a secure environment for the user, applications, and data
		4	all the options are correct.
13	<p><i>Выберите вариант, содержащий правильное окончание предложения.</i></p>	1	cross-platform
		2	open-source software (OSS)
		3	self-documenting code

	Computer software that is released under a license in which the copyright holder grants users the rights to use, study, change, and distribute software and its source code is called_____.	4	free software
14	Укажите командлет Powershell, который запускает удаленную интерактивную сессию. (Powershell на платформе Windows)	1	Enter-PSSession
		2	Enable-PSRemoting
		3	Invoke-Command
		4	RemoteSigned
15	Укажите командлет Powershell , позволяющий выполнить /запустить команду или командлетв фоновом режиме	1	Get-Job
		2	Start-Job
		3	Wait-Job
		4	Receive-Job
16	Укажите командлет Powershell, позволяющий показать состояние фоновых команд	1	Get-Job
		2	Start-Job
		3	Wait-Job
		4	Receive-Job
17.	Укажите командлет Powershell, позволяющий получить результат выполнения команды	1	Get-Job
		2	Start-Job
		3	Wait-Job
		4	Receive-Job
18.	Укажите командлет Powershell, выполняющий задачу "дождаться завершения выполнения фоновой команды"	1	Get-Job
		2	Start-Job
		3	Wait-Job
		4	Receive-Job
19.	Укажите верную дефиницию слова: "operating system"	1	It is a set of program instructions that tell the computer what to do.
		2	It includes all programs that control the basic functions of a computer.(e.g. operating systems, programming software, device drivers and utilities)
		3	It comprises programs that let you do special tasks.(word processing, databases, educational programs, e-mail, video-games)
		4	It is a set of programs that control the hardware and software resources of a computer system. (handling input/output, running programs)
20.	Укажите верную дефиницию слова: "application software"	1	It is a set of program instructions that tell the computer what to do.
		2	It includes all programs that control the basic functions of a computer.(e.g. operating systems, programming software, device drivers and utilities)
		3	It comprises programs that let you do special tasks.(word processing, databases, educational programs, e-mail, video-games)
		4	It is a set of programs that control the hardware and software resources of a computer system. (handling input/output, running programs)
21.	Укажите верную дефиницию слова: "system software".	1	It is a set of program instructions that tell the computer what to do.
		2	It includes all programs that control the basic functions of a computer.(e.g. operating systems, programming software, device drivers and utilities)
		3	It comprises programs that let you do special tasks.(word processing, databases, educational programs, e-mail, video-games)
		4	It is a set of programs that control the hardware and software resources of a computer system. (handling input/output, running programs)
22.	Укажите дефиницию слова/словосочетания: "interact"	1	Affect each other's development or condition.
		2	Be different.
		3	Make easier, help.
		4	A state when all the programs fit together well.
23.	Укажите дефиницию слова/словосочетания:	1	Affect each other's development or condition.
		2	Be different.

	"facilitate "	3	Make easier, help.
		4	A state when all the programs fit together well.
24.	<i>Укажите дефиницию слова/словосочетания: "compatibility"</i>	1	Affect each other's development or condition.
		2	Be different.
		3	Make easier, help.
		4	A state when all the programs fit together well.
25.	<i>Укажите дефиницию слова/словосочетания: "complex"</i>	1	Appeared only a short time ago
		2	Different.
		3	Difficult to understand or deal with
		4	Hand out, shared among others

№	Вопрос	Варианты ответа
1	<i>Выберите из вариантов правильную форму глагола в скобках.</i> Most television advertisements and many films use graphics _____ (TO PRODUCE) by a computer.	1 produced
		2 producing
		3 are produced
		4 to produce
2	<i>Выберите подходящий предлог с фразовым глаголом TO LOOK.</i> Banks use computers to look _____ their customers' money.	1 up
		2 into
		3 at
		4 after
3	<i>Выберите подходящий вариант словообразования слова в скобках.</i>	1 quick
		2 quickly
		3 quicklier

	In libraries computers can help you to find the book you want as (QUICK) as possible.	4	more quickly
4	<p><i>Выберите из вариантов правильную форму глагола в скобках.</i></p> <p>We are now living in what some people call the "digital age", meaning that computers (TO BECOME) an essential part of our lives.</p>	1	became
		2	becoming
		3	havebecome
		4	hasbecome
5	<p><i>Выберите подходящий вариант словообразования слова в скобках.</i></p> <p>Computers help students to perform_____ operations and improve their maths skills.</p>	1	mathematics
		2	mathematical
		3	mathematic
		4	mathematician
6	<p><i>Выберите подходящее по смыслу слово.</i></p> <p>To turn on the computer, _____ the «Start» button.</p>	1	touch
		2	press
		3	switch
		4	hold
7	Укажите правильный перевод "toback up"	1	передавать данные
		2	воспроизводить диск
		3	записывать диск
		4	создавать резервную копию
8	Укажите правильный перевод "transfer rate"	1	скорость работы
		2	скорость воспроизведения
		3	скорость передачи
		4	скорость записи
9	Укажите правильный перевод "multiformat playback"	1	цифровое воспроизведение
		2	качественное воспроизведение
		3	многоформатное воспроизведение
		4	многофункциональное воспроизведение
10	Укажите правильный перевод "flow chart"	1	таблица
		2	блок-схема
		3	нарисованная схема
		4	график
11	Укажите правильный перевод: "Сбой, программная ошибка"	1	fail
		2	bug
		3	error
		4	mistake
12	Укажите правильный перевод accesstime:	1	время доступа
		2	время отклика
		3	время ожидания
		4	время работы
13	Укажите правильный перевод "format a disk"	1	стирать информацию с диска
		2	записывать диск
		3	форматировать диск
		4	чистить диск
14	Укажите правильный перевод "Энергонезависимый"	1	energy consuming
		2	non-volatile
		3	non-dependable
		4	energy saving
15	Укажите правильный перевод "Время доступа"	1	log-in time
		2	work time
		3	access time

		4	open time
16	Укажите правильный перевод "Твердотельная память"	1	firm memory
		2	solid state memory
		3	solid body memory
		4	solidmemory
17.	Укажите правильный перевод "Многоформатное воспроизведение"	1	high-end playback
		2	multiformat playback
		3	multifunction playback
		4	quality playback
18.	Укажите правильный перевод "Распознавание почерка"	1	a mainframe
		2	handwriting recognition
		3	voice recognition
		4	TFT screen
19.	Answer the question: What did Word processing develop out of?	1	It developed out of the needs of writers.
		2	It developed out of the needs of mathematicians.
		3	It developed out of computer technology.
		4	It developed out of computer field.
20.	Answer the question: How does a text editor differ from a word processor?	1	Text editor has more formatting features and uses graphics.
		2	Text editor has fewer formatting features and cannot be used for the Internet.
		3	Text editor can't be used for typing documents, only emails.
		4	Text editor has fewer formatting features and cannot use graphics
21.	Answer the question: What are the useful tools word processors have?	1	Word processors have various programming tools.
		2	Word processors have calculating and maths tools.
		3	Word processors have designing tools.
		4	Word processors have spelling, grammar and language.
22.	Answer the question: What can you do with databases like FileMaker Pro 11, Microsoft Access 2010, etc?	1	You can create interactive fields and run Internet applications.
		2	You can create interactive forms, run reports against data, and publish Web applications.
		3	You can create interactive forums and publish news.
		4	You can calculate anything you want to.
23.	Answer the question: What are the advantages of databases when compared to spreadsheets?	1	Databases enable highly efficient and powerful ways of storing text information.
		2	Databases enable highly efficient and powerful ways of using the Internet.
		3	Databases enable highly efficient and powerful ways of organizing and representing data in charts, reports.
		4	Databases enable highly efficient and powerful ways of running complicated applications.
24.	Answer the question: What are the five key components that comprise a relational database?	1	They are tables, rows, columns, records and keys.
		2	They are tables, rows, columns, indexes and keys.
		3	They are tables, rows, Internet, records and keys.
		4	They are tables, rows, memo fields, records and Internet.
25.	Answer the question: What is the function of keys in a relational database?	1	Keys help user to connect to the Internet.
		2	Keys act as unique identifiers in relational databases.
		3	Keys act as rows and columns.
		4	Keys make all the database work.

ОК1, ОК4, ОК6, ОК10

1. Rewrite the sentence in The Passive Voice. (запишите предложение, используя страдательный залог.) When you set up an account with an Internet Service Provider, it gives you an email address and a password.

2. Rewrite the sentence in The Passive Voice .(запишите предложение, используя страдательный залог.) It stores the mail you receive on the mail server of your ISP — in a simulated mailbox.
3. Rewrite the sentence in The Passive Voice .(запишите предложение, используя страдательный залог.) Emotions can make the message more expressive.
4. What is "a database"?
5. Write TRUE or FALSE for the following statement: "With database like FileMaker Pro 11 you can't create interactive forms."
6. Write TRUE or FALSE for the following statement: "There are no database applications that facilitate easy setup and administration."
7. Write TRUE or FALSE for the following statement: "Keys, particularly primary keys, act as unique identifiers in relational databases."
8. What are the two types of streaming multimedia?
9. What is another name for the second-generation languages?
10. What is the syntax of the language?
11. What is used to translate the code into machine language?
12. What is Java Script?
13. What is "a script"?
14. What is "Delphi"?
15. What are the three main general categories of electronic markup?
16. What is "A programming language"?
17. What is "syntax" (of a computer language)?
18. What term defines "a text-encoding system consisting of a set of symbols inserted in a text document to control its structure, formatting, or the relationship between its parts"?
19. What is placed around pieces of text to tell the web browser how to display text or pictures? (in Java)
20. What is CSS?
21. Give the definition of "Java"?
22. What term defines "a set of guidelines, best practices, programming styles and conventions that developers follow when writing source code for a project"?
23. What is the term for "one endpoint of a two-way communication link between two programs running on the network."
24. What are the Sockets and the socket API used
25. What is SFML and how can it be used?

№	Вопрос	Варианты ответа	
1	При заполнении анкеты на английском языке (Applicationform -Personaldata) какая информация должна быть указана в строке : "Title"	1	Пол (male/female).
		2	Род занятий, должность (Student, The head teacher etc.).
		3	Форма обращения (Mr., Mrs., Ms).
		4	Семейное положение (married/single/divorced/widow/widower).
2	При заполнении анкеты на английском языке (Applicationform -Personaldata) какая информация должна быть указана в строке : "Countryofbirth"	1	Страна, в которой вы родились.
		2	Страна, в которой вы проживаете в настоящее время.
		3	Страна, в которую вы въезжаете (путешествие, работа).
		4	Страна, в которой вы планируете остаться жить.
	При заполнении анкеты на	1	Ближайший родственник.

3	английском языке (Applicationform -Personaldata) какая информация должна быть указана в строке : "Nextofkin"	2	Опекун.
		3	Наследник.
		4	Человек, который может за Вас поручиться, предоставить рекомендации (на работу).
4	При заполнении анкеты на английском языке (Applicationform -Personaldata) какая информация должна быть указана в строке : "Daytimetelephonenumber"	1	Номер мобильного телефона.
		2	Домашний номер телефона.
		3	Рабочий номер телефона.
		4	Любой номер телефона, по которому с Вами можно связаться днём.
5	При заполнении анкеты на английском языке (Applicationform -Personaldata) какая информация должна быть указана в строке : "Maritalstatus"	1	Титул (Lord, Duke)
		2	Почётное звание, должность (Doctor, Professor etc)
		3	Семейное положение (married/single/divorced/widow/widower).
		4	Уровень материального благосостояния (middle-class, the upper middle-class)
6	<i>Укажите подходящее по смыслу слово.</i> To turn on the computer, _____ the «Start» button.	1	touch
		2	press
		3	switch
		4	hold
7	<i>Укажите подходящее по смыслу слово.</i> The printer has _____ of ink.	1	finished
		2	ended
		3	run out
		4	lost
8	<i>Укажите подходящее по смыслу слово.</i> Unfortunately, my scanner _____ at the moment.	1	don`tworк
		2	doesn`tworк
		3	isn`tworking
		4	hasn`tworked
9	<i>Укажите подходящее по смыслу слово.</i> Please _____ the CD ROM.	1	click
		2	insert
		3	introduce
		4	inject
10	<i>Укажите подходящее по смыслу слово.</i> The batteries in my digital camera are nearly dead. They need _____;	1	tocharge
		2	exchanging
		3	charging
		4	tobecharging
11	<i>Укажите подходящее по смыслу слово.</i> I have to _____ a computer screen for eight hours a day.	1	see
		2	look at
		3	watch
		4	gaze
12	<i>Укажите подходящее по смыслу слово.</i> Switch off your computer and _____ it from the wall socket.	1	de-plug
		2	unplug
		3	non-plug
		4	plug away
13	<i>Укажите подходящее по смыслу слово.</i> My new computer has a very _____ processor.	1	quick
		2	highspeed
		3	fast
		4	agile
14	<i>Укажите подходящее по смыслу слово.</i> In our office, we`ve set up a _____ network.	1	wire-free
		2	no wires
		3	wireless
		4	non-viral
15	<i>Укажите подходящее по смыслу слово.</i> Keeping files on a computer database is a _____	1	new-tech
		2	now-tech
		3	high-tech
		4	fast-tech

	solution.		
16.	<p><i>Укажите подходящее по смыслу слово.</i></p> <p>_____ is any electronic or mechanical part of a computer that you can see or touch.</p>	1	hardware
		2	software
		3	peripherals
		4	main memory
17.	<p><i>Укажите подходящее по смыслу слово.</i></p> <p>The mouse is used to start a program or open a document: you put the pointer on the file name and _____ on the name — that is, you rapidly press and release the mouse button twice.</p>	1	drag
		2	doubleclick
		3	touch
		4	pull
18.	<p><i>Укажите подходящее по смыслу слово.</i></p> <p>What type of printers uses pins to print the dots required to shape a character?</p>	1	Dot-matrix printers
		2	Inkjet printers
		3	Laser printers
		4	Imagesetters
19.	<p><i>Укажите подходящее по смыслу слово.</i></p> <p>Which type of printer produces output at great speed and with a very high resolution by scanning the image and transferring it to paper ?</p>	1	Imagesetters
		2	Laser printers
		3	Dot-matrix printers
		4	Thermal transfer printers
20.	<p><i>Укажите верную форму прилагательного в скобках</i></p> <p>An electronic database is much faster to consult and update than a card index system and occupies a lot (LITTLE) space.</p>	1	more little
		2	less
		3	least
		4	of little
21.	<p><i>Укажите верную форму прилагательного в скобках</i></p> <p>Minicomputers are (SMALL) _____ than mainframes but are still very powerful.</p>	1	as small
		2	smaller
		3	the smallest
		4	more small
22.	<p><i>Укажите верную форму прилагательного в скобках</i></p> <p>Microcomputers are small enough to sit on a desk. They are the (common) _____ type of computer.</p>	1	commonest
		2	more common
		3	the most common
		4	commonly
23.	<p><i>Выберите вариант, содержащий подходящее окончание предложения.</i></p> <p>The function of the main memory (RAM chips) is _____.</p>	1	to hold the instructions and data which are being processed by the CPU
		2	to read and write data on disks
		3	to execute program instructions and coordinate the activities of all the other units
		4	To control the location of the pointer on your screen
24.	<p><i>Выберите подходящее окончание предложения.</i></p> <p>According to the classification of Network Topology, in a bus network _____.</p>	1	all data flows through a central hub.
		2	all the computers are connected to a main cable.
		3	all data flows through a common connection point for the devices in the network.
		4	all devices are connected to one another in a continuous loop.
25.	<i>Выберите подходящее окончание предложения.</i>	1	LAN

This network typically consists of two or more local area networks, covering a large geographical area.	2	WAN
	3	Intranet
	4	MAN

**Блок заданий открытого типа 4 курс 7 семестр
Формируемые
ОК1, ОК4, ОК6, ОК10**

1. Which type of network does not have a dedicated server; all the computers are independent?
2. On which topology, all devices are connected to the same circuit, forming a continuous loop?
3. Which cables are used to transfer information for the Internet over long distances at high speeds?
4. What type of cable is used to increase the speed of internet service (especially if you have a fiber-optic Internet connection)?
5. Which hardware device allows several computers on a local network to share an internet connection?
6. Which device serves as a common connection point for devices in a wireless network?
7. In which type of networks does a computer act as a server and stores and distributes information to the other nodes, or clients?
8. In which type of networks all data flows through a central hub, a common connection point for the devices in the network?
9. Which network topology consists of one flat network where all devices, known as stations, directly connect and transmit data between one another.
10. What essential information should be included into your CV?
11. What optional information can be included into a CV?
12. Rewrite the sentences into Indirect Speech. (Запишите в форме косвенной речи.)
Interviewer: "Do you have any hands-on programming experience?"
13. Rewrite the sentences into Indirect Speech. (Запишите в форме косвенной речи.)
Interviewer: "What are your strengths? Why should I hire you?"
14. Rewrite the sentences into Indirect Speech. (Запишите в форме косвенной речи.)
Interviewer: Do you have any questions for me?
15. Rewrite the sentences into Indirect Speech. (Запишите в форме косвенной речи.)
Interviewer: "Now, do you mind working overtime?"
16. Rewrite the sentences into Indirect Speech (Перепишите диалог в форме косвенной речи.)
Interviewee: "What are the essential qualifications required for the position?"
17. Which protocol is used to transfer files over a TCP/IP network ?
18. Which protocol and a program is used to log onto remote computer systems?
19. What technologies allow you to have real-time conversations online, by typing messages at the keyboard?
20. What are the Newsgroups?
21. Which cybercrime activity aims at getting passwords for online bank accounts or credit card numbers by using emails that look like they are from real organizations, but are in fact fake?
22. Which cybercrime activity aims at making one computer look like another one in order to gain unauthorized access?

23. Which cybercrime activity aims at online harassment or abuse, mainly in chat rooms or newsgroups?

24. What kind of access does a website which can only be viewed by authorised people have?

25. What is "DTP" and what are its features?

Разработчик: преподаватель Симонова О.А.
